

## Educational Development Projects by Assist RR

### Mullivaikal West Junior High School

This school is located in Mullivaikal in Mullaithivu district, in a strip of land between the sea and Nanthikadal lagoon, where the war ended in May 2009. Houses and School buildings were badly damaged during the war in this coastal areas. Many people are still living in houses with no roofs. Many thousands of people were stranded in these areas at the end of the war.

School buildings that were damaged during the war, had become uninhabitable. School buildings were temporarily repaired and the roofs were covered with asbestos sheets. These buildings, shown below, needed permanent repairs to provide a safe environment for learning. The asbestos sheets have already been damaged and are not withstanding strong winds.

*A temporary shelter at Mullivaikal West GTM School*

Assist RR considered the need and decided to repair and renovate the building. Using funds donated jointly by Solihull Junior School, UK, and Karaveddy Vigneswara College Old Students Association of UK, the damaged building of Mullivaikal West school has now been renovated and re-opened on 25 Jan 2014. Photos of the building after renovation are shown below.
